

GATE VALVE

Gate Valve

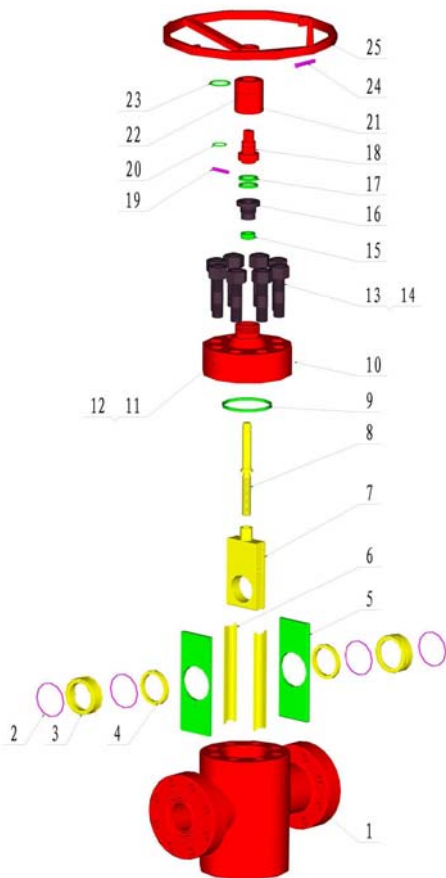

Gate valve has important role in wellhead control system. Jereh supplies various gate valves in temperature classes L, P, R, S, T, and U specified in API 6A. Our gate valves are available in pressure ratings ranging from 2,000psi, 3,000psi, 5,000psi, 10,000psi and 15,000psi, material classes from AA through FF, product specification levels (PSL) from 1 through 3 and performance requirement (PR) 1.

Both manual gate valve and hydraulic gate valve, interchangeable with Cameron FC series, are available.
